p.s. I would like to say po na it won't look  
EXACTLY like this / I won't use the EXACT  
graphics used, kasi I will go for something that  
would actually fit the idea inside my head. The  
graphics used are just for demonstration  
purposes!

\*hindi ito na mga graphics ang exactly i-use ko, for wireframe purposes lang ni sir hihi

I will explain nalang po what I want here to happen, so lumulutang po yung mga cameras as seen here, and the middle camera po will flash if ihover mo yung mouse cursor mo, there will be other graphics pa here but to be decided pa po siya, that's why hindi ko na po giinclude. pero parang ganun po yung idea.

explanation: once you click the camera, just like a polaroid cam that would automatically print your photos, it would lead you to a page which is this page!
